

Meet Aikane's Prince –Herd Shire

Prince is a striking young miniature donkey with a big future ahead of him at Hartland Oaks. Born on August 3, 2023, this handsome little guy stands just under 30 inches tall and already carries himself like royalty.

Prince is MDR-registered and sports a gorgeous black coat with a light muzzle and a bold white star on his forehead — a marking as unique as his personality. He's not just easy on the eyes — Prince is incredibly friendly and *loves attention*, often nudging in for neck scratches or standing proudly for visitors.

He comes from an impressive line:

- Sire: *LN Another Little Bit* – 27.5"
- Dam: *Parthenia Kota's* – 29", Black w/ NLP

We're excited to watch Prince grow into his role as our future herd shire and continue the tradition of producing well-mannered, small-statured, and stunningly beautiful donkeys.

Stay tuned — this little royal is just getting started.
